6) Though the original proposition was for the revival of a Committee somewhat on the old Committee system for controlling the Natural Supply work, yet this was not pressed much and the consensus of opinion was for placing the Sanitary Inspectors under the control of the District Board so that they may devote undivided attention to the execution of works relating to Sanitation and Natural Supply Main giving effect Amendments, though the Amendment might supervise their work in these particulars.

The Dewan has said that all the suggestions would be considered & the Presidents of the Dist Bds would be consulted & necessary orders passed. The grant for improvement works this year is not very much & extends only to Rs 50000 for each District, 2000 for Conservancy charges & 3000 Lakh for water supply & Sanitation. Formation of District Committees under the D. scheme

53. After a full consideration of the question of the agency for carrying out the operations under the Malnad Improvement Scheme the majority of the Committee consider that in the beginning the Revenue Department may have charge of them. The work in each district may be carried on under the general supervision of a small committee consisting of the Deputy Commissioner, the President of the District Board or when the Deputy Commissioner is President, the Vice-President of the District Board, the District Medical Officer, the District Forest Officer, the Executive Engineer, Officers in charge of the malnad Sub-Divisions and non-officials to represent the malnad taluks. These representatives may or may not be members of the District Boards and may be nominated by Government. There may be four such non-official members in the Committee in the Shimoga District, three in Kadur and two in Hassan. The Committee should be advisory and have no responsibilities for the execution of work. They should meet not less than twice a year, and review the progress of operations, consider difficulties and adopt the programme for the coming months. A statement of the progress made and a copy of the programme adopted should be sent to Government and to the District Boards. The District Boards may make any suggestions they consider necessary in regard to the programme and these should be considered by the Advisory Committees at subsequent meetings or by circulation. These committees may at the end of each year adopt reports of the work carried out under the scheme during the year and submit them to Government. The non-official members of these committees may be given travelling allowances for journeys to attend their meetings at the same rates as is given to non-official members of the District Boards.

Holding of an annual Malnad Conf (6

Conference

Every year there may also be a conference, presided over by a Member of Council to review the progress in all the three districts under the scheme. The Heads of Departments concerned in the work under the scheme, the Deputy Commissioners, the Presidents, or when the Deputy Commissioner is President the Vice-Presidents of the District Boards of the three malnad districts, and the non-official members of the three local committees may be required to be present at the conference. Of the Heads of Departments those whose presence may be essential are the Revenue Commissioner, the Inspector-General of Education, the Senior Surgeon and Sanitary Commissioner, the Conservator of Forests and the Chief Engineer. Other Heads of Departments may be invited if their presence is considered necessary. The Conference might consider the reports of the operations received from the District Committees and submit a brief report of its proceedings, with any suggestions for the coming year, to Government. To facilitate taking stock of work done, the Committee would suggest that the reports of the Committees and of the Conference may be published by Government with a review of the operations conducted during the year of report.

Review by Government suggested.

KE (3) Subd. to para 2 of Govt no 6561-3/San 72-17-28 22.5.1918, it was first advised that an annual conference might be held preferably in the Malnad. The holding of the Conference was later on considered unnecessary

In view of the fact that Shimoga M.D. Committee has got only four non-Officials and Bowringpet Committee only three and only two non-Official members have been recommended and approved by the member for the district, this number is capable of reduction. Dated, Shimoga the 1st December 1926.

From,

B.T. Kesavaiengar, Esquire, B.A.,
Deputy Commissioner,
Shimoga District.

To,

R. Ranga Rao, Esquire, B.A., B.L.,
The General Secretary to the Government of
His Highness the Maharaja of Mysore.

Sir,

With reference to your letter No. G.5818-20/Sany 31-26-1 dated 29th November 1926 asking me to suggest the names of four non-official gentlemen that may be nominated to the Malnad Improvement Committee of this District, I have the honour to state that in accordance with the instructions contained in para 9 of G.O.No. C.1-50/San 17-26-1 dated 11th October 1926, fifty per cent of these members are to be members of the District Board. But the Shimoga District Board is to be reconstituted with effect from the 1st February 1927, so that it is not possible to include the names of members of the District Board now to be newly constituted. I have, however, selected the names of two gentlemen from the existing District Board and two from other gentlemen in the District, whose advise will be of value in carrying out Malnad Improvement Schemes. The names I would suggest are:-

1. Mr. C.Subba Rao, Advocate and Vice-President of the District Board. He was also a member of the Committee constituted by Government to consider the report of the Special Officer.
2. Mr. Katte Dakappa, Member of the District Board (Kanchugar).

3. Mr. A.Narasimha Iyengar, Pleader, Sagar.

4. Rev. J.A. Vanes, Wesleyan Mission, Shimoga.

The other Members are as per Government Order as follows:-

1. The Deputy Commissioner (President). He is also the President of the District Board at present.
2. District Medical Officer.
3. District Inspector of Education.
4. District Forest Officer, Shimoga.
5. District Health Officer.
6. Executive Engineer, Shimoga Division.
7. Sub Division Officer, Sagar Sub Division.
8. Sub Division Officer, Thirthahalli Sub Division.
9. Treasury Assistant Commissioner in charge of Shimoga Taluk.

In this connection I have to bring to the notice of the Government that there are three District Forest Officers in this District of whom only one has been suggested for inclusion in the Committee. It is a matter for consideration whether or not the other two should also be included in the Committee.

I have the honour to be,

Sir,

Your most obedient servant,

Deputy Commissioner,

Shimoga District.

Sir,

With reference to the correspondence ending with your letter No. G. 880-1/Sany. dated 18th February 1927, asking - me to suggest the names of non-official gentlemen for nomination to the Malnad Improvement Committee of this District, to be formed under para 9 of Government Order No. C. 1-50/ San. 17-26-1 dated 11th October 1926, I have the honour to state that the Government Order does not fix up the total strength of the committee or the proportion of the non-official --- strength. According to the arrangements of the previous years, the whole of the Manjarabad and Belur Taluks and the Alur Sub Taluk -- and the --- Mallipatna - and Konanur hoblies were under the operation of the scheme. I am of opinion that the jurisdiction of the committee may continue as before and the marginally noted gentlemen nominated. Sir,

With reference to your marginally noted communication
10586/San.31-26-15 dated 29-3-1927. re: nomination of members of the District Malnad Improvement
10587/San.31-26-16 dated 29-3-1927. Committee, I have the honour to state that it appears very desirable that the several taluks in the district, which are comprised in the malnad area, should be represented fairly adequately on the Malnad Improvement Committee of the District, so that the experience of the local people may be availed of in studying the local needs and working out the Improvement scheme satisfactorily. It therefore seems to be necessary to increase the strength of the District Committee and I may recommend that my proposals already submitted in my letter No.C.821-26 dated 4th March 1927 may be approved. In case the Government think that the strength of non-official gentlemen as proposed by me is more than what is necessary, it may be fixed at 6 mon-official members and the names of the marginally noted gentlemen may be approved.

Sir.,

When I last made representations you regarding my nomination to the District Board, you were very Kind ~~enough~~ to tell me that you would nominate me to the Board or one of the Committees when a vacancy occured. I now take the liberty of reminding your good-self that among the three members so recently nominated to the Malvad Improvement Committee, one of them, Mr. C. I request you to Kindly nominate me for the above seat and if this is impossible, I venture to suggest that a fourth seat may Kindly be Created and my humble-self nominated to that place.

As you are aware, I am

well versed in malnad conditions and can speak of some experience of these committees and their work in having served on various committees including the Malnad Improvement Central Committee

Adverting to your letter No. G. 10587-90/Sany. 31-26-16 dated the 29th March 1927 requesting to furnish my opinion as to whether it is necessary to increase the number of non-official members on the Malnad Improvement Committee of this District, - I have the honour to state that the matter was informally discussed at the meeting of the Committee on the 31st ultimo, when the members were of opinion that the number of non-official - gentelemen on the Committee might, with advantage, be increased.
